Understanding the Fretboard

Before we dive into the details, let's start with the basics. The guitar fretboard is made up of 19 frets, each separated by a semitone (half step). The strings are tuned to specific notes (E, A, D, G, B, e), and the frets allow you to play different notes by shortening the vibrating length of the strings.

Scales and Modes

Scales are the building blocks of music. This guide covers all the major, minor, and pentatonic scales, including their positions on the fretboard. You'll also learn about modes, which are variations of scales that add flavor and variety to your playing.
