**Winter Swallows** is the captivating third installment in Ladislav Bittman's acclaimed Commissario Ricciardi series. Set against the atmospheric backdrop of Naples in the 1930s, this novel immerses you in a world of mystery, suspense, and the supernatural.

Commissario Luigi Alfredo Ricciardi is a brilliant detective with a unique gift—or curse, depending on how you look at it. He can see and hear the last

thoughts and words of the recently deceased. This ability has aided him in solving countless crimes, but it also brings him face to face with the horrors of human nature.

As winter descends upon Naples, a series of chilling murders casts a dark shadow over the city. Young women are being found dead, each victim bearing the mark of a mysterious symbol. Commissario Ricciardi is called in to investigate, and he soon realizes that these killings are part of a larger, more sinister plot.

With the help of his loyal team of colleagues, including the beautiful and enigmatic Dr. Silvia Mancuso, Ricciardi digs deeper into the case. He uncovers a web of secrets, lies, and betrayals that reach the highest levels of society.

As the bodies pile up, Ricciardi must use all his skills—both natural and supernatural—to track down the killer before it's too late. But the closer he gets to the truth, the more danger he puts himself in.

**Winter Swallows** is a gripping and atmospheric mystery that will keep you on the edge of your seat from beginning to end. Ladislav Bittman's writing is both elegant and suspenseful, and he creates a world that is both captivating and terrifying.

If you're a fan of historical mysteries, detective fiction, or simply well-written stories, then you need to read **Winter Swallows**. It's a novel that will stay with you long after you finish it.
