## A Book Review

In her memoir *My Walking Stick and Volumes*, Cheryl Strayed recounts her transformative 1,100-mile solo hike on the Pacific Crest Trail. The book is a raw and honest account of Strayed's journey, both physically and emotionally. She writes about the challenges she faced, the beauty she witnessed, and the lessons she learned along the way.

Strayed is a gifted storyteller, and her writing is both lyrical and evocative. She brings the Pacific Crest Trail to life, describing its stunning landscapes and the people she met along the way. She also writes candidly about her own struggles, including her grief over the death of her mother and her addiction to heroin. But through it all, Strayed's spirit shines through. She is a resilient and determined woman, and her journey is an inspiration to anyone who has ever faced adversity.
