From the enigmatic Kensu, a master of telekinesis, to the formidable Rico, a pyrotechnic powerhouse, the characters of Psychic Force Origin will ignite your curiosity and leave a lasting impression. As you delve deeper into the game, you'll uncover the intricate relationships between these warriors and the profound impact their psychic abilities have on their lives and destinies.

Science of Telekinesis: Mental Entrainment

Telekinesis is the ability to move objects via the mind and directed force of will. Consciousness is the underlying "aether" of the Universe, modern science is beginning to discover. The Hermetic Principle of Mentalism provides the scientific basis for all psychic abilities. All things, including inanimate objects have a degree of consciousness (mind), which can interface with our own. A thought-form held in the mind, can Entrain other objects if the coherence of the thought resonates with the object in question.

Scopaesthesia - is a phenomenon in which humans detect being stared at by extrasensory means. While mainstream science has deemed these observations as pseudo science, there are many studies demonstrating statistically significant results, which provides evidence for the mental entrainment phenomenon.
