The Best of The Weekly Standard, 1995-2000 is a must-have collection of the most influential conservative journalism of the era. With pieces from some of the biggest names in the movement, this book is a valuable resource for anyone interested in American politics and culture.

The Weekly Standard was founded in 1995 by William Kristol and Fred Barnes. It quickly became one of the most influential conservative magazines in the country. The magazine's writers were known for their sharp wit, intellectual rigor, and commitment to conservative principles.

The Best of The Weekly Standard, 1995-2000 collects some of the magazine's most memorable pieces. These pieces cover a wide range of

topics, from politics and culture to foreign policy and economics. They offer a unique perspective on the conservative movement during a time of great change.

The book is divided into six sections: "Politics," "Culture," "Foreign Policy," "Economics," "Society," and "Ideas." Each section features a selection of essays from the magazine's archives. The essays are written by some of the biggest names in conservative journalism, including William Kristol, Fred Barnes, David Brooks, Peggy Noonan, and Andrew Sullivan.

The Best of The Weekly Standard, 1995-2000 is a valuable resource for anyone interested in American politics and culture. It offers a unique perspective on the conservative movement during a time of great change. The book is also a reminder of the power of good journalism to inform and inspire.

Here are some of the highlights from the book:

- William Kristol's essay "The Neoconservative Persuasion" is a must-read for anyone interested in the history of the conservative movement. Kristol argues that neoconservatism is a distinct ideology that is based on the principles of American exceptionalism, democracy promotion, and a strong national defense.
- Fred Barnes' essay "The Rise of the Religious Right" is a fascinating look at the growing influence of religious conservatives in American politics. Barnes argues that the religious right is a powerful force that is here to stay.
- David Brooks' essay "The Conservative Case for Compassion" is a thought-provoking argument that conservatives should embrace a

more compassionate approach to social policy. Brooks argues that compassion is not a liberal monopoly and that conservatives can be just as compassionate as liberals.

- Peggy Noonan's essay "The Death of the Culture Wars" is a powerful meditation on the decline of the culture wars. Noonan argues that the culture wars are over and that we are now entering a new era of American politics.
- Andrew Sullivan's essay "The End of Gay Shame" is a moving and personal account of the struggle for gay rights. Sullivan argues that the gay rights movement has made great progress in recent years, but that there is still more work to be done.

The Best of The Weekly Standard, 1995-2000 is a must-have collection of the most influential conservative journalism of the era. It offers a unique perspective on the conservative movement during a time of great change. The book is also a reminder of the power of good journalism to inform and inspire.
