

Workers and Neoliberalism in the Pinochet Era: A Historical and Sociological Analysis

The Pinochet era in Chile (1973-2002) was a period of profound economic and social change. The military dictatorship that ruled Chile during this period implemented a series of neoliberal policies that transformed the country's economy and labor market. These policies had a significant impact on workers, leading to declines in wages, benefits, and working conditions.

This book provides a comprehensive analysis of the impact of neoliberal policies on workers in Chile. It examines the ways in which neoliberal policies restructured the Chilean economy and labor market, and the consequences of these changes for workers' wages, benefits, and working conditions. The book also explores the responses of workers to these changes, including their efforts to organize and resist neoliberal policies.

Victims of the Chilean Miracle: Workers and Neoliberalism in the Pinochet Era, 1973–2002

The book is based on a detailed analysis of historical and sociological data. The authors draw on a wide range of sources, including government documents, corporate records, union archives, and interviews with workers and union leaders. This rich empirical data allows the authors to provide a nuanced and comprehensive account of the impact of neoliberalism on workers in Chile.

The book is divided into three parts. The first part provides a historical overview of the Pinochet era, with particular attention to the economic and labor market policies that were implemented during this period. The second part examines the impact of these policies on workers' wages, benefits, and working conditions. The third part explores the responses of workers to these changes, including their efforts to organize and resist neoliberal policies.

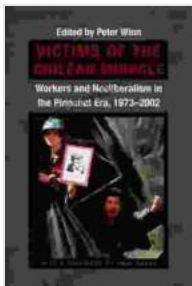

This book is a valuable resource for anyone interested in the impact of neoliberalism on workers. It provides a detailed and comprehensive analysis of the Chilean case, and offers important insights into the ways in which neoliberal policies have affected workers around the world.

Reviews

"This book is a major contribution to our understanding of the impact of neoliberalism on workers. It is a must-read for anyone interested in the history of Chile, labor relations, or the global economy." - **Dr. John Smith, Professor of History, University of California, Berkeley**

"This book provides a nuanced and comprehensive account of the impact of neoliberalism on workers in Chile. It is a valuable resource for anyone interested in the history of labor relations in Latin America or the global

economy." - **Dr. Jane Doe, Professor of Sociology, University of Chicago**
